Hello,

Welcome to AP Music Theory! In preparation for the 2019-2020 school year, I have assembled exercises and listening work to refresh and strengthen your skills during the summer.

Please join our Google classroom (code: wh2dn1) There you will find two attached packets. Complete the written exercises on separate manuscript paper. You will turn this in when we return in September.

In the musicianship packet, you will need to sing the melodic exercises using solfege syllables and speak the rhythmic exercises on “ta” or another neutral syllable. You will perform these for a grade in September.

Also, I have created a playlist on YouTube and will continue adding pieces to it during the summer. These are pieces and composers that I would like you to be familiar with.

I am looking forward to sharing a productive and challenging learning experience with you next year. Please contact me with any questions you may have along the way.

Sincerely,
Mr. Oliveri
