

# Summer Review Guide for Students Entering Spanish II Honors

2020-2021

The Spanish II Honors is a rigorous and fun course. After finishing this course, all students will have improved their language skills: primarily using Spanish in and out of the classroom throughout the school year. However, what is done in the classroom will not be enough to guarantee the best possible results. It is, therefore, of great importance that all students engage themselves in using the language in the community and/or using all other resources currently available to them through technology.

The summer work for next school year will be useful to help you review and practice your skills as best as possible. During the summer, you are going to do the following:

- Review the present tense by accessing the tutorial found on <https://www.spanishdict.com/guide/spanish-present-tense-forms> be sure to take the practice quizzes at the end of the tutorial. In addition, practice the present tense by completing the graded practice activities, conjugation games and exercises electronically on [www.conjuguemos.com](http://www.conjuguemos.com)  
Once you have access the site, click on “verbs” under the Spanish section, and select the practice activities that correspond to the present tense. You should aim to obtain a score of 90% or above in the graded practice activities.
- Study the preterit tense by exploring the tutorial found on <https://www.spanishdict.com/guide/spanish-preterite-tense-forms> be sure to take the practice quizzes at the end of the tutorial. In addition, practice the preterit tense by completing the graded practice activities, conjugation games and exercises electronically on [www.conjuguemos.com](http://www.conjuguemos.com)
