

Welcome to AP Physics

My Email address is [coutureg@norwalkps.org](mailto:coutureg@norwalkps.org). I will be setting up a google classroom over the next week or so and posting your summer work. This class is unlike many of the other classes that you may have taken here at NHS. It is very cumulative in the information and topics. It builds concepts and skills upon another in order to move through the curriculum successfully. Also due to the time limits of the new schedule you will be asked and required to do more "Flip Learning" (prior learning) in order to stay on schedule. There will be little time available for you to complete homework in class. It should be done before the next scheduled class.

All students are required to do the following:

Chapters 1-3 Read, outline, create vocabulary list, complete section reviews and practices, chapter reviews and standardized test preps.

The TEXT may be found online at

<http://images.pcmac.org/SiSFiles/Schools/AL/AutaugaCounty/PrattvilleHigh/Uploads/DocumentsCategories/Documents/Physics%20Book.pdf>

You may want to refer to some online sites for extra explanation and help:

Khan Academy	<a href="https://www.khanacademy.org/">https://www.khanacademy.org/</a>
Youtube	search for topics
Phet	<a href="https://phet.colorado.edu/">https://phet.colorado.edu/</a>
Physics Classroom	<a href="http://www.physicsclassroom.com/">http://www.physicsclassroom.com/</a>
Fear of Physics	<a href="http://fearofphysics.com/Videos/">http://fearofphysics.com/Videos/</a>
And..	<a href="https://www.class-central.com/report/physics-free-online-courses/">https://www.class-central.com/report/physics-free-online-courses/</a>

(this a huge resource of places to look)

I would also suggest the Barron's EZ guides for Physics or the AP Physics 1 review book. Though the EZ guide is more comprehensive in it's information.

Watch for your invite to google classroom to keep current with classroom announcements and assignments.

G. Couture
