

AP Psychology Summer Assignment

Facilitator: Mrs. Bomann

Contact: bomanna@norwalkps.org

Welcome to AP Psychology. I look forward to meeting all of you soon. The topic for the assigned summer work is success. What determines success and how do we define success? While completing the summer assignments, think about luck, opportunity and grit. During the summer, read the assigned book and watch the three assigned TED Talks. You will complete an individual interview with me regarding the assignments as well as written responses working with a partner during the first week of class. Reach out with any questions.

ALL WORK IS POSTED ON GOOGLE CLASSROOM
